Mission

To prepare students for career success in an increasingly globally integrated business and technological economy utilizing a student-centered, real-world approach.

Vision

To be a leading institution of business and technology education by providing students with the academic and professional preparation needed to achieve upward career mobility.

Values

Respect - A culture of respect facilitates highly positive interactions between and among students, staff, faculty and other stakeholders.

Knowledge - Knowledge allows us all, regardless of the role we serve, to maximize our capacity for achievement.

Potential - Every individual has the potential to succeed.

Diversity and Inclusion - Diversity in all its forms enriches the education experience—both in and out of the classroom.

Global Perspectives - Students with global perspectives will be better prepared to serve the organizations and communities in which they live and work.
