Program Description

The university certificate program in creativity and innovation aims to provide professionals with the knowledge and skills for assessing the major concepts, theoretical perspectives and empirical findings in the area of creativity and innovation. Participants will apply theory to evaluate and foster creativity and innovation processes within a variety of settings and within an interdisciplinary context.

To attain the certificate, students must complete 18 hours of coursework with a GPA of 3.0 or better and a B- or better in all courses. Elective hours for coursework in the program must be approved by the EDIN advisor and the director of the Center for Creativity and Innovation.

Learning Outcomes

Upon completion of the program, students will be able to:

- Describe and critically assess the major concepts, theoretical perspectives and empirical findings in the area of creativity and innovation.
- Apply theory and findings from this area in order to evaluate and foster creativity and innovation within a variety of settings (e.g. workplaces, classrooms, organizations, communities).
- Discuss research on creativity and innovation within an interdisciplinary context and examine them in both a systemic and dynamic manner.
