

# Master of Arts in Teaching (MAT) with an Emphasis in Elementary Education

*This program is offered by the School of Education and is only available at the St. Louis main campus.*

## Program Description

The master of arts in teaching (MAT) program provides candidates with a strong knowledge base of content, child and adolescent development and current research that supports best practices in education. This program is centered around contemporary design-based research principles with a focus on how students learn within inquiry-based environments.

This graduate degree program is designed to provide the foundation for teacher preparation leading to initial Missouri teacher certification and is approved by the Missouri Department of Elementary and Secondary Education in the following emphasis areas: elementary education, middle school education, secondary school education, or special education.

*The Master of Arts in Teaching is accredited by the Council for the Accreditation of Educator Preparation (CAEP).*

## Learning Outcomes

The goals of the MAT with an emphasis in elementary education are to cultivate graduates who are:

- Knowledgeable of the history of primary and intermediate education, characteristics of students in this age range and principles and foundations underlying best practices
- Proficient in designing, adapting and modifying effective assessment plans, instructional strategies and curricula and/or intervention plans based on current research regarding cognitive, social and emotional development in elementary school children
- Reflective about their roles as educators to improve learning outcomes, and who collaborate with families and other members of the community to advocate for inclusive and equitable educational opportunities for students from diverse backgrounds
- Capable of recognizing, valuing and responding to the unique individual abilities and differences of elementary age students

## Admission to Teacher Certification

Admission to teacher certification is a significant milestone in a candidate's academic career. This means that a candidate is formally accepted in the initial teacher certification program and on track to meet the requirements of both the Missouri Department of Elementary and Secondary Education (DESE) and Webster University.

Candidates must meet the following requirements:

- Completion 15 hours of graduate credit, including CMAT 5000 and 5001, with grades of B or better.
- Successful completion of Passport Tasks 1-5.
- Minimum professional GPA of 3.0 and Content GPA (if applicable) of 3.0. This must be maintained throughout the program.

After 15 hours of graduate credit, candidates will be restricted from registering in further coursework until admitted to teacher certification status.

Candidates must be admitted to teacher certification in order to take specified EDUC or CMAT methods courses.

## Requirements for Missouri Initial Teacher Certification

Prior to or upon Admission, students must make available official academic transcripts to the Coordinator of Educator Certification in the School of Education to complete an evaluation of coursework. Based on this transcript evaluation, the Coordinator of Educator Certification will identify the exact number of credit hours that an MAT candidate will require to complete initial teacher certification with respect to Missouri Department of Elementary and Secondary Education (DESE) requirements. Prior coursework, such as transfer courses and content areas courses, will be identified from the student's transcripts. Using this evaluation, an academic advisor in conjunction with the Coordinator of Educator Certification, will prepare a personalized program of study for the student. Students may be required to take more than the required coursework listed for the emphasis area. Students should talk to their advisor and the teacher certification professionals at Webster University throughout their program to understand how any changes to DESE requirements are accommodated in their personalized program of study.

## Background Checks

Students are required to obtain various annual background checks prior to field experiences. The state requires current fingerprint clearance prior to issuing the teaching certificate.

## State Assessments

To obtain a teaching licensure in Missouri, students are required to complete a number of state assessments. State required assessments are administered by designated agencies, and students are required to pay all associated fees. All state assessments are administered in a digital format. Students must pass the state-required content assessment examinations prior to apprentice teaching.

## Practicum

Students must complete a 5000-level practicum and accompanying practicum seminar with a grade of B or better. To enroll in a practicum, students must submit an application by September 15 for a spring placement and by February 15 for a fall placement. No late applications will be accepted. Candidates

must meet with the Coordinator of Field Placement prior to applying for practicum.

## Apprentice Teaching

Apprentice teaching and the accompanying apprentice teaching seminar are required for all initial certifications. To enroll in apprentice teaching, students must submit an application by September 15 for a spring placement and by February 15 for a fall placement. No late applications will be accepted.

Prior to apprentice teaching students must have:

- met all course and departmental assessments requirements, including formal acceptance to teacher certification status.
- successfully completed practicum and practicum seminar with a grade of B or better.
- passed the state-required content assessment examinations.

Apprentice teaching placements are made by the Field Experience Office. Placements will be arranged with the St. Louis City, St. Louis County, St. Charles County, and Jefferson County School Districts along with private and independent schools. All candidates for certification must complete either their practicum or apprentice teaching in a diverse setting.
